

**Santa Cruz Island
Fry's Harbor
Site #7**

Code Name: SCFH

Date Established: 1981

Latitude: 34° 03.381 N

Longitude: 119° 45.309 W

Transect Orientation: North to South (0°-180°)

<u>Stake</u>	<u>Meter</u>	<u>Bearing to next stake</u>	<u>Depth (ft)</u>
0	0	30	40
1	10	30	40
2	19	350	40
3	30	10	40
4	40	0	40
5	needs new bolt	10	42
6	61	20	44
7	needs new bolt	25	44
8	83	20	39
9	needs new bolt	0	40
10	101	-	40

Old photo-plot location relative to permanent transect: West (cliff side of line) at 45-48 m from south end and ~1 m from line.

Description of surface location: Parallel to cliff (in about 40' at south end), north end is just inside point, south end just north of large cave.

Description of bottom topography: Rocks sloping down and away from cliff, deepest at north end.
Note: At stake number 10, there is a cement filled tire marking the site ~1-2 meters away.

Location of temperature unit: 0 m mark at the north end, ~1-2 meters off, depth 43 ft.
